Re: Reference Letter

Dear Mark,

On behalf of all the associates from our Montreal office, we would like to thank Marfoggia Construction Inc for the team's effort and dedication in successfully completing the build out of our new Montreal office at 1800 McGill College Avenue.

Despite the aggressive schedule and design challenges we encountered along the way, Marfoggia was able to find a way to complete this project on time, within budget and scope. The quality of service and attention to detail the team brought to the project is the reason it was completed so successfully. Our associates love the space and are so happy to have such a great new office to work in.

We would also like to highlight that the millwork provided by Marfoggia was exceptionally well produced and would highly recommend them to anyone looking for high quality millwork for their office space.

Thank you again, Marfoggia, for all the hard work and commitment your team put forth to ensuring this project was completed on time and within budget. It was a pleasure working with you and your team and look forward to working with you again in the future.

Best Regards,
