MARFOGLIA

"This significant project, spread over an area of 90,000 sq. ft. was carried out masterfully. At every stage, from the demolition of the previous amenities to the final decorative details, the competence, diligence and commitment of your team was always evident. You lavished support, availability and advice on the project thus allowing us to complete the project without disrupting our business activities during the 15-month duration of the project."
- Élise Poisson, Managing Partner
